*(PMS) Pantone Matching System - A popular color matching system used by the industry to verify colors. Colors can be described by indicating the Pantone name or number. This assures that you get the right color when the color is printed, even though the color may not look right when displayed on your monitor.*

Comments:

*(Please verify your color with the pantone name or #, and we will try our best to match it. Or, mail in a paint chip/color swatch which you can pick up from your local paint store.*

Please mail, fax, or email this form to me and I will contact you with a price quote as soon as possible.
